### **DETAILED ACTION**

Claims 1-26 are pending. No drawings were filed with the application.

#### ***Election***

Applicant's election without traverse of Group II, claims 2,3,13 in the reply filed on September 2, 2004 is acknowledged.

*Per applicants request, claims 14-21 have been included with the elected invention. Claims 2,3,13-21 will be examined.*

Claims 1,4-12 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on September 2, 2004.

#### ***Priority***

Foreign priority is claimed. The priority documents have not been received.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2, 13 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The definitions of the variables need to be inserted into claim 2. Claim 13 depends from claim 10, which is not being examined. It is suggested that claim 13 be written in independent form directed to a process for preparing compounds of formula II.

Claim 21 is directed to a process without any process steps. It is suggested that the claim be canceled.

Claims 14-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Allowable Subject Matter***

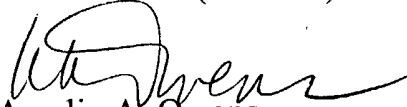

Claim 3 is allowable. The art of record does not teach or fairly suggest the claimed invention.
